Summary: Star gives Jackie a surfboard.

Surfboarder

Jackie, eyeing her skateboard, was approached by Star. "Hey, Jackie, look what I-uh, Marco brought you!" she said before revealing her, uh Marco's gift: a surfboard.

She put it on the ground and allowed Jackie to take a quick look at it. She got on top of it...and then tried to make it move like her skateboard, only it remained firmly on the ground no matter how hard Jackie tried.

Eventually, the girl got an idea and put the surfboard over her skateboard, and she rode down the aisle a couple times as Star could only watch in disbelief at what was happening. _"She seriously needs to spend less time on a skateboard,"_
